<b>Planning Commission Recommendation:</b>	The Planning Commission recommends approval of the proffer amendment on a 5-0 vote.	

### Background:

The applicant has requested an amendment to the proffers that were agreed to as part of the rezoning of the subject property that occurred in 2001 from residential to commercial. 7 proffers were adopted as part of that rezoning and the applicant has requested to rescind those 7 proffers and replace them with two new ones.

Since this rezoning was approved, the Lew Dewitt Boulevard commercial area has seen significant development, and most of that development has not been similar to the design standards and restrictions that the applicant proffered as part of the rezoning in 2001. In, or around, 2004 or 2005, many of the parcels along Lew Dewitt Boulevard were rezoned to C-2 (changed to H-B (Highway Business) with the zoning ordinance rewrite in 2011). Since this rezoning, much of the commercial development throughout that corridor has been more of a traditional variety that includes larger “big-box” stores such as Lowe’s, strip mall style development, office buildings, and restaurants. The applicant has requested the proffers be amended because of how the corridor has developed since the rezoning was approved in 2001, and that the restrictions the current proffers place on the property have made it difficult to sell for commercial development.

### Planning Commission Recommendation:

The Planning Commission recommends approval of the proffer amendment on a 5-0 vote.

### City Manager’s Recommendation:

Hold a public hearing for this request and consider adopting the ordinance.
